Manufacturing process

01. INQUIRY

We gather information to better understand your company and your upcoming projects, which helps us give you proper consultations.

02. PROPOSAL

Once we fully understand your project requirements, we will work with our Production team within 2-3 days on a detailed proposal includes prices, timeline and other related information.

03. SAMPLING

Once you agree with our proposal, we will start making samples. Our Production team will monitor the sampling process, the samples will be tested and adjusted until they meet your requirements.

04. PRODUCTION & QC

Once the samples are approved, we will work on the mass production. Our QC team will conduct the testing in terms of specification, functions, whether or not they resemble the approved sample, and other criterias (upon your request).
